

I am a listener to K-LOVE Radio and I greatly value it. I am a monetary supporter. I really enjoy the music and message that K-LOVE provides. It is obvious that the station is greatly valued because of the number of supporters it takes to keep a station like K-LOVE on the air and they are able to do it. It would leave a great void if we were no longer able to hear K-LOVE. The message that K-LOVE provides is good for everyone. We need to encourage the type of message that K-LOVE provides.
